## To Whome It May Concern

Dear Sir,

TECNO XPERTS (L.L.C) is a leading interior Contracting Company in the United Arab Emirates established in 2009.

Innovative and contemporary, TECNO XPERTS provides Design solutions that suite clients needs and tastes; providing them with options that would meet their budgets and targeted time. Our service varies from designing residential, commercial interiors and governmental to execution of full turn- key projects.

TECNO XPERTS with its well experienced designers and project Managers has given services to clients like Emirates Zabeel 10 villa, Zabeel Mosque, Dana Mall in Ajman, Al attar Tower, Moon-1 & Moon-2 in Sharjah.

Our projects include Hotels, Residential, Retail Outlets, Restaurants and palaces, our key intention is to hand over the project on time, meeting the expectation of the clients deadline, even surpassing it, considering Design perfection, a harmony of theme and function.

Thanks and best regards  
For, TECNO XPERTS (L.L.C)

ENG. MOHAMMED AHMED ZAKI  
General Manager.

# Introduction

TECNO XPERTS is a leading interior Contracting Company and office Furniture supplier in the United Arab Emirates established in 1998.

TECNO XPERTS with its well experienced designers and project Managers has given services to clients like Emirates Zabeel 10 villa, Zabeel Mosque, Dana Mall in Ajman, Al attar Tower, Moon-1 & Moon-2 in Sharjah. This enabled us to spread and cover our services to the entire Gulf Region.

Innovative and contemporary, TECNO XPERTS provides Design solutions that suite clients needs and tastes; providing them with options that would meet their budgets and targeted time. Our service varies from designing residential, commercial interiors and governmental to execution of full turn- key projects.

From commercial centre, our projects vary from Hotels, Residential, Retail Outlets, Restaurants and palaces, our key intention is to hand over the project on time, meeting the expectation of the clients deadline, even surpassing it, considering Design perfection, a harmony of theme and function.

The objectives of this manual are:

- ✔ To ensure that the quality procedures are documented and implemented by responsible personnel at all levels within the company.
- ✔ To follow TECNO XPERTS standard quality policies and procedures which are in accordance with international Quality standard.
- ✔ To ensure that the quality procedures are documented and implemented by responsible personnel at all levels within the company.

As a first step towards the establishment of the system, the organization has defined the structure of the system; the organization has defined the structure of the Quality Management System as follows:

- 👉 The QMS – Section 4 of the Manual
- 👉 Top Management – section 5 of the manual
- 👉 Resource Management – section 6 of the Manual
- 👉 Product realization – section 7 of the Manual
- 👉 Measurement, Analysis & improvement – Section 8 of the Manual

The organization firmly believes that following the guidelines provided by this manual will help to provide highest quality service to their customers and continually improve the effectiveness of its operations.

This document lays down the foundation of the company's approach to QMS standards. Applicable elements of mandatory QMS procedures, organizational scope of activates and permissible exclusions with necessary justifications are contained in this manual.

The quality manual is for internal use by the company's staff as a reference and forms part of the Quality Management System which addresses the relevant clauses. It may also be issued to customers and suppliers to provide them with an appreciation of Euro Gulfs commitment o fulfilling their needs and expectations and to convey to them TECNO XPERTS quality policies and objectives.

## Quality Systems procedures, formats

These manuals deal with the standard systems and procedures to be followed by all departments within the company. These manuals define the way the various operations of the company are to be performed.

This part of Quality Management System documentation is for internal use only. The procedures, work instructions and forms referenced within this section are designed to ensure that the service provided to the customer satisfies all contractual requirements and accepted international quality standards.

The scope of the Quality Management System of TECNO XPERTS is:

■ **“Design Execution and Project Management of Interior Fit out works and Turnkey Jobs”**
